5. PLAN REVIEW REQUIRED

See below for plan review requirements before completing this section. Plans and specifications must be submitted for one-and two-family dwellings when the input rating of the building heating/cooling system exceeds 375,000 BTU's.

Building Size: _____ sq.ft. Input rating of heating system: _____
Have plans been submitted? _____ Yes _____ No _____ Not Required

Plans are required for all building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to Act No. 299 of the Publics Acts of 1980, as amended, and shall bear that architect's or engineer's seal, except:

1. One-and two-family dwellings when the total building heating/cooling system input rating is 375,000 Btu's or less.
2. Alterations and repair work determined by the mechanical official to be of a minor nature.
3. Business, mercantile, and storage buildings having HVAC equipment only, with one fire area and not more than 3,500 square feet.
4. Work completed by a governmental subdivision or state agency costing less that \$15,000.00

Plans must be submitted before a permit can be issued.

6. HOMEOWNER AFFIDAVIT

I hereby certify the mechanical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Mechanical Code and shall not be enclosed, covered up, or put in operation until it has been inspected and approved by the Mechanical Inspector. I will cooperate with the Mechanical Inspector and assume the responsibility to arrange for necessary inspections

7. APPLICATION SIGNATURE BY HOMEOWNER/CONTRACTOR

Section 23a of the State Construction Act of 1972, Act No. 230 of the Public Acts of 1972, being Section 125.1523a of the Michigan Compiled Laws, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons are to perform work of residential structures.
VIOLATORS OF SECTION 23a ARE SUBJECT TO CIVIL FINES
